APPLICATION TAPES

ABI Tape

115 YEARS OF INNOVATION

TransferRite® application tapes are proudly made by ABI Tape, one of the world's leading pressure sensitive tape manufacturers, pioneering the industry since 1908. ABI's extensive line of tape products boasts some of the best application tapes in the business today. Transfer tapes are an essential part of installing vinyl graphics and TransferRite brand premasks make those installations effortless. Our years of experience, combined with our wide array of carefully crafted products, makes us your go-to for all types of sign and graphics projects.

LET'S TALK TransferRite®

Are you finding yourself frustrated with inadequate application tapes? You just haven't met the right one yet! From small, simple decals to colossal, complex vinyl installations and everything in between, TransferRite® brand application tapes offer superior solutions. This guide will help you get to know all of the different types of tapes we offer and exactly how they can help make even your most complicated applications frustration-free.

TAKE IT FROM AN INDUSTRY PRO

"Our team at Graphix Unlimited have been long-time users and fans of TransferRite products for nearly 30 years. We rely on their quality and availability of application tapes to meet our varying needs. As we continue to grow and expand, we know we can count on the TransferRite team to supply us with solutions that are perfect for our applications. At Graphix Unlimited, we value TransferRite's dedication to customer satisfaction and highly recommend using their diverse product lines to satisfy all your projects."

- Melissa Vitali, *CEO of Graphix Unlimited*

VISIONARY & VERSATILE

Need superior signmaking solutions? Experience the all-purpose power of TransferRite® paper application tapes. Throughout the years, we have developed and perfected a complete line of standard and heavyweight papers. From your largest graphics to your smallest decals, our paper line provides economical solutions for all your applications.

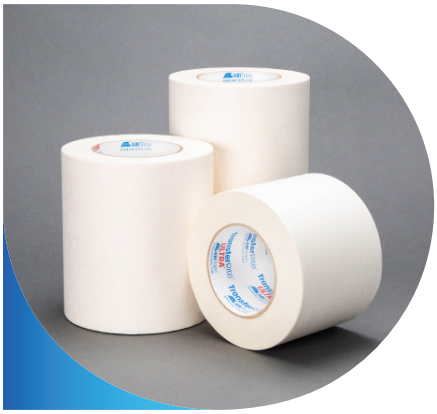

Standard Papers

TransferRite® standard papers are traditional transfer tapes. This line is our economical option for your regular sign needs. We offer low, medium, and high tack products to suit small, medium, and large applications. TransferRite standard papers will get the job done.

PRODUCT NUMBER	TACK LEVEL	THICKNESS (micron)	ADHESIVE TYPE	PRODUCT HIGHLIGHTS
6560	Low	102	Rubber	Great for large vinyl graphics. Smooth removal after installation. *Common sizes are 100, 122, 136 and 150 cm.*
6582	Medium	102	Rubber	All-purpose workhorse for medium vinyl graphics. *Common sizes are 100, 122, 136 and 150 cm.*
6592	High	107	Rubber	All-purpose workhorse for small vinyl graphics. *Common sizes are 100, 122, 136 and 150 cm.*

Heavyweight Papers

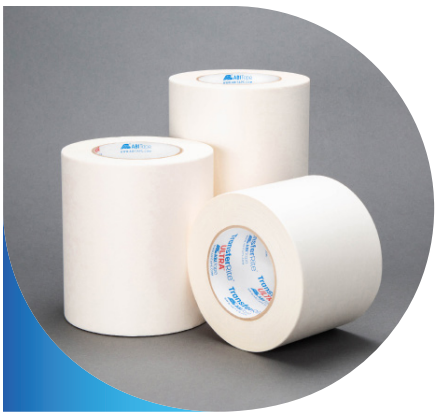

TransferRite® heavyweight papers are traditional transfer tapes. This line is our economical option for your more substantial sign needs. Their thickness adds strength and stability that make tearing a non-issue. TransferRite heavyweight papers are rugged and reliable.

PRODUCT NUMBER	TACK LEVEL	THICKNESS (micron)	ADHESIVE TYPE	PRODUCT HIGHLIGHTS
6760	Low	127	Rubber	Great for large vinyl graphics. *Common sizes are 100, 122, 136 and 150 cm.*
6782	Medium	127	Rubber	Great for medium vinyl graphics. *Common sizes are 100, 122, 136 and 150 cm.*
6792	High	127	Rubber	Great for small vinyl graphics, including striping and pin striping. *Common sizes are 100, 122, 136 and 150 cm.*
6798	Very High	142	Rubber	Great for coarse surfaces like reflective films and awning materials. *Common sizes are 100 and 122 cm.*

SAY GOODBYE TO DOG-EARED DECALS

TransferRite *ULTRA*® products have been specifically designed to provide superior adhesion to even the most stubborn liners. These application tapes lay flat, saving you the hassle of dealing with unwanted curling, wrinkling or tunneling.

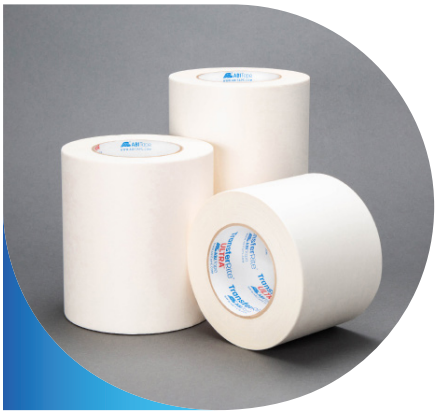

Standard *ULTRA*® Papers

Standard TransferRite *ULTRA*® papers are traditional transfer tapes, with the added benefit of exceptional lay-flat characteristics. Their adhesive has been designed to stick to areas of exposed liners, helping you avoid damage to your graphics like wrinkling, tunneling, and curling. TransferRite Ultra tapes keep your decals in pristine shape.

PRODUCT NUMBER	TACK LEVEL	THICKNESS (micron)	ADHESIVE TYPE	PRODUCT HIGHLIGHTS
560U	Low	109	Rubber	Great for large vinyl graphics. *Common sizes are 100, 122, 136 and 150 cm.*
582U	Medium	107	Rubber	All-purpose workhorse for medium vinyl graphics. *Common sizes are 100, 122, 136 and 150 cm.*
592U	High	109	Rubber	All-purpose workhorse for small vinyl graphics. *Common sizes are 100, 122, 136 and 150 cm.*

Heavyweight *ULTRA*® Papers

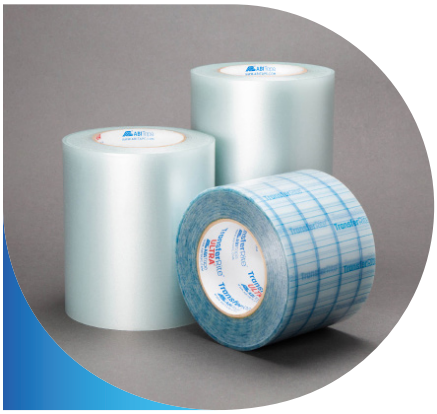

Heavyweight TransferRite *ULTRA*® papers are traditional transfer tapes, with the added benefit of exceptional lay-flat characteristics. Their adhesive has been designed to stick to areas of exposed liners, helping you avoid damage to your graphics like wrinkling, tunneling, and curling. Their thickness adds strength and stability that make tearing a non-issue.

PRODUCT NUMBER	TACK LEVEL	THICKNESS (micron)	ADHESIVE TYPE	PRODUCT HIGHLIGHTS
760U	Low	137	Rubber	Great for large vinyl and paint mask installations. *Common sizes are 100, 122, 136 and 150 cm.*
782U	Medium	137	Rubber	Great for medium vinyl and paint mask installations. *Common sizes are 100, 122, 136 and 150 cm.*
792U	High	137	Rubber	Great for small vinyl and paint mask installations. *Common sizes are 100, 122, 136 and 150 cm.*

SEE IT CLEAR

The TransferRite® family of film application tapes will help you achieve perfect placement. The clarity they provide makes precise alignment a breeze.

1300 Series *ULTRA*® Films

The TransferRite® 1300 Series is a family of clear film application tapes used for the transfer of vinyl graphics. Unlike traditional paper tapes, their clarity allows you to see your graphics during installation, to help you achieve the perfect placement every time. Our *ULTRA*® adhesive provides superior adhesion to even the most stubborn liners.

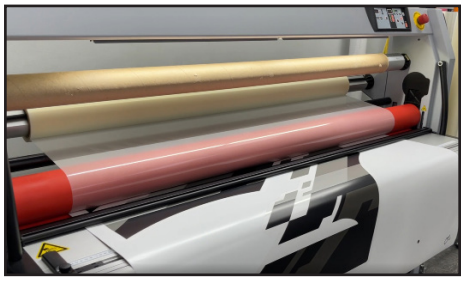

PRODUCT NUMBER	TACK LEVEL	THICKNESS (micron)	ADHESIVE TYPE	PRODUCT HIGHLIGHTS
1301	Low	99	Rubber	Great for large vinyl graphics. *Common sizes are 100, 122, 136 and 150 cm.*
1310	Medium	99	Rubber	For use with calendered intermediate vinyl. Clarity is great for RTA decals. *Common sizes are 100, 122, 136 and 150 cm.*
1310 Grid	Medium	99	Rubber	Great for craft applications like small lettering and fine details. Clarity is great for RTA decals. Also sold in rolls or sheets with liner. *Common sizes are 100 and 122 cm.*
1320	High	99	Rubber	Great for small graphics with fine detail. Pairs well with specialty vinyls like etched glass, reflective, and holographic films. *Common sizes are 100, 122, 136 and 150 cm. (roll length 91,44 m)*

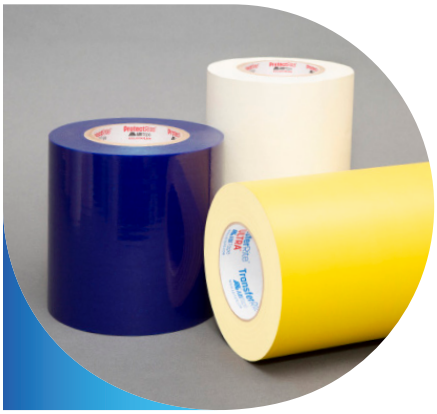

1500 Series Films

The TransferRite® 1500 Series is a family of transparent film application tapes used for the transfer and protection of vinyl graphics. You can trust these tapes to perform during your most challenging applications. Their thickness delivers added stability during installations and translucent nature helps with alignment.

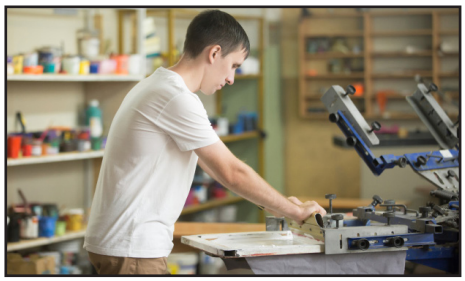

PRODUCT NUMBER	TACK LEVEL	THICKNESS (micron)	ADHESIVE TYPE	PRODUCT HIGHLIGHTS
1504	Low	107	Rubber	Great for large vinyl graphics. *Common sizes are 100, 122, 136 and 150 cm.*
1510	Medium	107	Rubber	Great for medium vinyl graphics. Thickness provides stability. *Common sizes are 100, 122, 136 and 150 cm.*
1520	High	112	Rubber	Great for small lettering, striping, and doming. Thickness provides stability. *Common sizes are 100, 122, 136 and 150 cm.*
AirMask 510U	Medium	109	Rubber	Designed for use with exposed air egress liners. *Common sizes 100, 122, 137 and 152 cm. (roll length 91,44 m)*

At ABI Tape, we pride ourselves on our ingenuity and innovative solutions. We're accustomed to working with customers to tailor solutions to their specific needs. No matter the issue, we've got the solution.

Specialty & Protective Products

ABI Tape's line of Specialty & Protective products offer solutions for even your most unique projects. Applications range from UV screen printed graphics, temporary movie set backdrops, partial vehicle wraps, paint applications, reflective films, awning materials, and much more.
